

SHIPLAP!

EVERYONE WANTS IT. WE'VE GOT IT.

CLEAR REDWOOD FINGERJOINT PRIMED SHIPLAP is ideal for reconstruction and remodeling projects where matching an existing, exterior shiplap pattern is necessary. It may also be used in interiors to achieve shiplap feature walls popular with designers and home improvement enthusiasts.

- Use for exterior Siding or interior Paneling
- Shiplap stocking patterns are 793 and 794
- All other pattern stock available via special order
- Boards are surfaced one side, two edges (S1S2E)
- Factory pre-primed
- Accepts and holds paints and other finishes extremely well
- Redwood is naturally resistant to decay and termites
- Redwood performs well under fire exposure with a Class B flame spread rating
- Humboldt Sawmill offers a consistent, high-quality supply source from 440,000 acres of Forest Stewardship Council® (FSC® C013133) certified timberlands in Northern California

NOMINAL SIZE	PATTERN NUMBER	A	B	CONVERSION FACTOR
1x6	793	5 3/8"	4 7/8"	1.24
1x8	794	7 1/8"	6 3/8"	1.21

V SHIPLAP NAILING METHOD
Horizontal or Vertical Siding
(side view)

For all V Shiplap patterns, face nail with two siding nails per bearing.

For 6-inch wide V Shiplap, the nail location should be one inch from the overlapping edges.

For wider patterns, position nails one quarter the width of the material in from each edge.

To order or for more information,
please contact your
Humboldt Sawmill Sales Representative.
